About the Presenters: **Gary Renard**, acclaimed teacher of *A Course in Miracles* and best-selling author of *The Disappearance of the Universe* and *Your Immortal Reality*, was born on the historic North Shore of Massachusetts. Originally a professional guitarist, he still includes musical performances with his wife, Cindy, as a part of his workshops. In 1987, he heard a calling and began to take his life in a different direction. In the early 1990's he moved to Maine, where he had a powerful spiritual awakening and wrote *Disappearance* as instructed over a period of nine years. In the fall of 2003, at the urging of other speakers and students, he began to present workshops. Today, he lectures all over the world. His disarming sense of humor combined with radical, cutting-edge metaphysical information and experiential exercises has earned him a reputation as one of the most interesting and courageous spiritual speakers in the world. **Cindy Lora-Renard** was born into a family of teachers and musicians and raised in the Midwest, and was exposed to music early in life. As she developed emotionally and spiritually, her musical talents matured with her. A pianist and graduate of California State University, Northridge, with a B.A. in Psychology and a Minor in Music, Cindy has also completed her Master's Degree in Spiritual Psychology from the University of Santa Monica. She uses her music and degrees as healing tools to help others transform their consciousness into the "higher octaves" of life.
