

2017 Annual Pledge Drive

Our congregation's greatest value resides in our members.

Living your life in the congregation adds to the value of the group and enriches the lives of all our members.

Bring yourself and bring your life to All Souls; it is you that we need.

Here at All Souls Unitarian Universalist Church in Shreveport, we endeavor to build a diverse and strong community of people that share a common vision of liberal religion.

Being united by covenant, rather than by creed, we find ourselves bound loosely to each other in our daily lives.

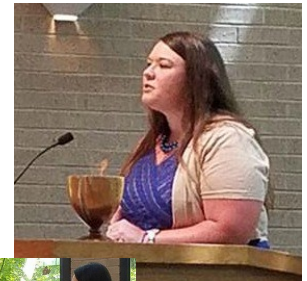

It is important, therefore to develop a strong community intentionally and bind ourselves fast to each other so that we can all be stronger for it.

All Souls²⁰¹⁷ Pledge Drive

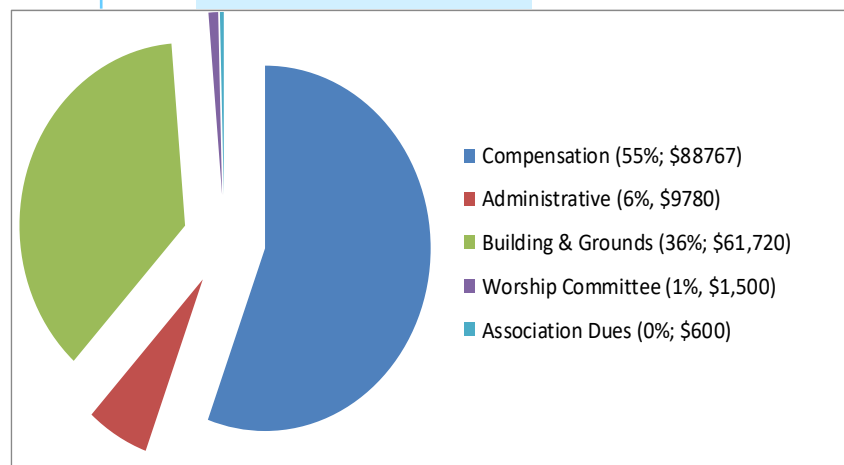

The annual pledge drive is your opportunity to establish your annual charitable giving levels.

Membership with Purpose

2016 Budgeted Income

2016 Budgeted Expenses

There are a number of reasons to join a church and actively participate in the community. Since we are not united by faith or belief, it's important to realize why we do gather and how it can help our daily lives. We see an increase in the vibrancy of our community and in our families. When you give in the ways you are able, then you gain a sense of ownership and belonging.

EXPLORE FAITH AND BELIEF

We offer a unique perspective on world religions to all levels of learning. Our religious education program is unique in Shreveport and develops a perspective that will help your whole family to maintain a healthy perspective in life. Understanding the faith and belief of our culture and cultures throughout the world will help us all to make better bonds at work and at home.

ATTENDANCE MAKES YOU MORE SUCCESSFUL

John Gruber, a top economist at MIT and adviser to the POTUS, found a strong link between successfulness and attendance at a church. Being an active member of a church produces higher levels of success on every level and in every major aspect of your life. After doing the research, he believes the social structure of the church creates these benefits.

HAVING A COMMUNITY TO RELY ON

As a member of a strong community you gain a sort of insurance. It's not the kind that you might think of to receive medical care, but more like a kind of social care. If you fall ill, then do you have a community of friends to check up on you? Building a strong community of friends helps in all events of your life. Here at All Souls UU, we focus on creating a caring community.

"Givers are called to be generous...they give to the right people, the right amount, at the right time...because that is the noble thing to do." Aristotle
